Library on Wheels

Inwelle Centre community involvement has been a major focus since 2012. Our satellite centre programme which started August 2011 is being expanded to include more communities through our Library on Wheels project. Call us at +234-803-5719965 or email us at info@inwellecentre.org for information..

Appeals for Donations

We appeal for donations towards our two major projects for the years 2012-2013.

• Catch-them Young Project

This will run all year long. Every month, 20 young girls from primary 6 to JS3 or even up to SS2 will be taught the basic use of the computer. **To sponsor a child costs \$100.00**

• Mass Computer Literacy

We continue to offer free computer literacy training youths and women at our facility and the use of our library and internet, **To sponsor a participant costs \$100.00**

• Academic Boot Camp

This targets communities and individuals willing to empower indigent youths, especially females aged 18–25 who will be trained in computer skills and coached to pass exams while housed and fed for one month at Inwelle Centre **To support one person in the community costs \$100.00**

OPPORTUNITIES: VOLUNTEERING, INTERNSHIPS, & MENTORING

VOLUNTEERING: Volunteers are accepted in our numerous projects.

- Science experts for school children science projects
- Artists for budding artists projects
- Reading and writing teachers for undergraduate participants research projects
- Administrators for training our Centre staff
- Humanities Experts for giving seminars and workshop to youth participants
- Computer expert for helping to train participants
- Counselors for our workshops
- Project supervisors

Other volunteers in any field of endeavour that will enhance the life of our participants are welcome. Typical areas are painting, gardening, landscaping, driving, renovation, secretarial, teaching and adult literacy.

INTERNSHIP:

We accept interns in all fields.

Agriculture, Communication, Technology, Computer Science, Information Technology, Graphic Design, Music, Theatre, Drama, Dance, Creative Writing, Arts and Craft, History, Marketing, Advertisement, Public Relations, etc.

- Qualification: Interest in lending a helping hand.
- Experience: None required.

Provision:

We provide bed and breakfast within the Centre's facility. Interns provide their own lunch and dinner. Well-equipped kitchens and toilet facilities are provided at the Centre's guest wing.

Academics: Mentoring Programme: Two of Inwelle Centre long term goals are to establish an academic journal and to establish a scholar-mentoring scholar/artist mentoring artists programmes. Hence the centre has positioned itself and built its capacity to serve as a credible place where foreign scholars seeking to do research in the region will find resources and even find accommodation. There is token fee for this service. We also welcome donations for this service. The Centre also has a scholars-mentoring-scholar project. Most of this will be in form of distance learning and area lecturers will be charged fees to take advantage of this service. Inwelle Centre is painstakingly building the on-line community that will subscribe to its Journal of Social Issues and writers that will contribute to this journal. Acknowledgements

In this 2016, our 11th year of existence, a great many individuals and organizations have supported and cheered for us. For all these people and organizations, we express our immense gratitude. We say thank you. I will just mention a few for want of space. Please the rest do not hold it against us.

We could not have achieved all our 2016 success without the great support we received from the Global Fund for Women, Dr. Hartmuth of Johns Hopkins University, Maryland USA, the incredible TIDES grant group at Montgomery College, Rockville, or indefatigable and generous Director whose spent her own money to purchase solar panels from China, ship them to Enugu, and pay a local expert to work the solar energy group through the intricacies of installing the panels, Engineering students of Perdue University, Indiana for their theoretical knowledge which they unstintingly made available to the young people in the Centre who were trying to wade into the intricate world of solar panel installation.

Dr. Jo Anne Murphy, our UN Representative is the most critical reason we are able to manage our UN activities, starting from fine-tuning our panel title to steering us through the process of securing a UN DPI/NGO affiliation in 2016. These are foreign areas of operations. But we have Jo Anne. One of our greatest setback had been electricity supply. We have been able to install a solar source of electricity supply even though the capacity is low. Our next thanks go to Professor Dr. Mary Owens, my chair of the department who gave both moral and financial support to the Inwelle Centre dream and who also conscripted her entire family the Owens and the Jeffers to join in supporting the Inwelle Centre cause. We also thank Chief Mrs Oby Nwankwo, who has been mentoring us since 2006 and Chief Sonny Njubigbo who has been our lawyer since 2013. I am using this opportunity to thank the trustees and the members of advisory board, past and present for their support and their hard work that led to the realization of this gigantic dream. Our gratitude goes to the Global Fund Women for funding us three times from 2009 to 2015. We also thank Montgomery College Tide Grants group and Global Humanities Institute for supporting the Centre panel presentation at the United Nations 2014 and 2015 Commission on the Status of Women Conference in New York, USA., Professor Dr. Lana Portolano and her husband Joe Portolano for their constant support, Mr. John Nwogu, and all Inwelle Centre friends and family who in various ways contributed to the growth of Inwelle Centre programme. We thank Eric Jeffers, Barbara Mumford and Marie Roche for being supper volunteers and all our other volunteers for being the best volunteers any organization can have. Above all, we thank our participants – young girls and boys – who trusted Inwelle Centre programme and were able to acknowledge the fact we cared and decided to care what we know and what we are willing to invest in their lives. We promise to make the next 10 years even more memorable and life enhancing as we strive to work on the United nations Sustainable Goals 3-5.

INWELLE STUDY AND RESOURCE CENTRE
Broadening the Horizon for Youths and Women

For 10 Years, Inwelle Centre has been leveraging young girls to break their poverty cycle through the educational channel. Every August, Inwelle Centre houses and feeds 20 young girls at an Academic Boot camp where they are taught Computer skills and academic subjects such as Math, English, Chemistry, Biology, Physics, Economics etc.
